Exams during final exam week are for full term classes only (excluding 1-credit laboratory classes)

To determine your final exam time and date, follow the instructions below:

1. Exam times are set based on the days and start times of your lectures (NOT the lab meeting times).
2. Look in the unshaded portion of the table to find the time and day(s) your class (lecture) starts.
(M = Monday, T = Tuesday, W= Wednesday, R = Thursday, F= Friday; TR = Tuesday *and* Thursday; MW = Monday *and* Wednesday, etc.)
3. In the shaded area at the top of the table column is the exam **date**. The shaded area at the left of the table row is the exam **time**.
4. Your final exam will be held in the same room as your regular class meeting room unless your instructor informs you otherwise.

Examples: If your class meets MWF at 9:20, the exam date is Wednesday, May 6, 8:00am - 10:00am.

If your class meets TR at 10:00, the exam date is Tuesday, May 5, 10:15am - 12:15pm.
