

Per New York State (NYS) Laws and Regulations, all healthcare facilities require specific documentation, both medical and professional. SUNY Poly requires this information be on file PRIOR to beginning clinical/practicum coursework. This is for your safety, as well as, your patient's and community's safety.

Where to send/upload information:

1. Students should submit all required health documents to the **Wildcat Wellness Student Portal** by August 1 (for Fall semester) and January 1 (for Spring semester):
2. Log in to myhealth.sunypoly.edu and follow the instructions to upload your files.
3. IT IS MANDATORY THAT YOU KEEP A COPY OF ALL YOUR DOCUMENTATION. You may be required to present this information to your preceptor or healthcare facility. Specific healthcare facilities may require more stringent documentation. It is the responsibility of the student to meet compliance for that specific facility and to provide the required documentation.
4. You may be DE-REGISTERED from your coursework if ALL required documentation is not provided prior to the beginning of clinical/practicum start date.
5. If you have any questions, please contact the Clinical Coordinator, by email lowerye@sunypoly.edu.
